

ULTRASOUND ON WHEELS!

We are deeply grateful to the 16 local Knights of Columbus Councils and Assemblies and the Anglicans for Life at Truro Church who raised funds for our ultrasound machine. We are also honored that the Knights of Columbus Supreme Council provided matching funds.

Ultrasound

Statistics show that 90% of abortion-minded women who see their child on ultrasound and hear the heartbeat will bond with their child and continue their pregnancy.

We provide time-critical intervention for women considering abortion by providing a non-invasive ultrasound. This free service enables them to see and hear the heartbeat and encounter the humanity of their developing child. This experience will hopefully lead them to make a life-affirming decision.

Primary Needs

We have researched where the need is the greatest and where traditional pregnancy resource centers are not reaching, so that we can meet women where they are. We serve women of all faiths.

We operate at the sites of:

- Abortion Clinics
- College Campuses
- Pregnancy Resource Centers (which do not have ultrasound services)

Our resources include:

- Recreational Vehicle
- Ultrasound Machine
- Executive Director
- Medical Director certified in ultrasonography
- Counselors with over thirty years of experience in helping women in distressed pregnancies

Angela Clark-Executive Director

Angela has been a veteran counselor for 22 years. She is a member of Sacred Heart Catholic Church and an auxiliary member of the Legion of Mary. She has also worked in the Pro-Life Office of the U.S. Conference of Catholic Bishops. She is a participant in the 40 Days for Life and is married to Phillip Clark and has a son.

We are driven to bring hope and compassion to the broken and hurting. We communicate the life-altering messages of love, life and truth via ultrasound and counseling.

In response to the 16,000+ abortions in Virginia in 2017, we travel to sites in:

- Alexandria
- Falls Church
- Woodbridge
- Manassas

"If the medical model goes across this country, you will decrease abortion by 75% without overturning even one law."
-a prominent abortionist
